7. Questions Before Building

1. **Notification number** — What WhatsApp number should receive admin alerts? (e.g. your +852 9832 5789?)
2. **Notification email** — What email address should receive booking alerts?
3. **Trade Pro discount** — Fixed 10% or variable (10% standard, 15% for orders over a threshold)?
4. **Payment for Trade Pro membership** — Should the HK\$499/month be collected via Stripe, or is it invoiced manually for now?
5. **HKID verification** — Is this just a field they fill in (honour system), or do you want them to upload a photo of their HKID?
